

Coughlin Associates

Hard Disk Drive Capital Equipment and Technology Report

Coughlin Associates announces the publication of our latest detailed report addressing technology developments and world-wide capital spending projections from 2011 through 2016 for HDD, MRAM and similar magnetic storage technologies. A technology assessment of Flash memory for future, high density storage devices will be Included and this will be compared with evolving magnetic technologies. The authors are Dr. Thomas Coughlin, President, Coughlin Associates and Dr. Ed Grochowski, Computer Storage Consultant. Order your copy today and get a powerpoint file with all the report tables and figures as well as the PDF report
